

Expanding the Arctic Economy through Broadband Development

July 14, 2016

Opportunity comes with *challenges*

Arctic residents
want what we want

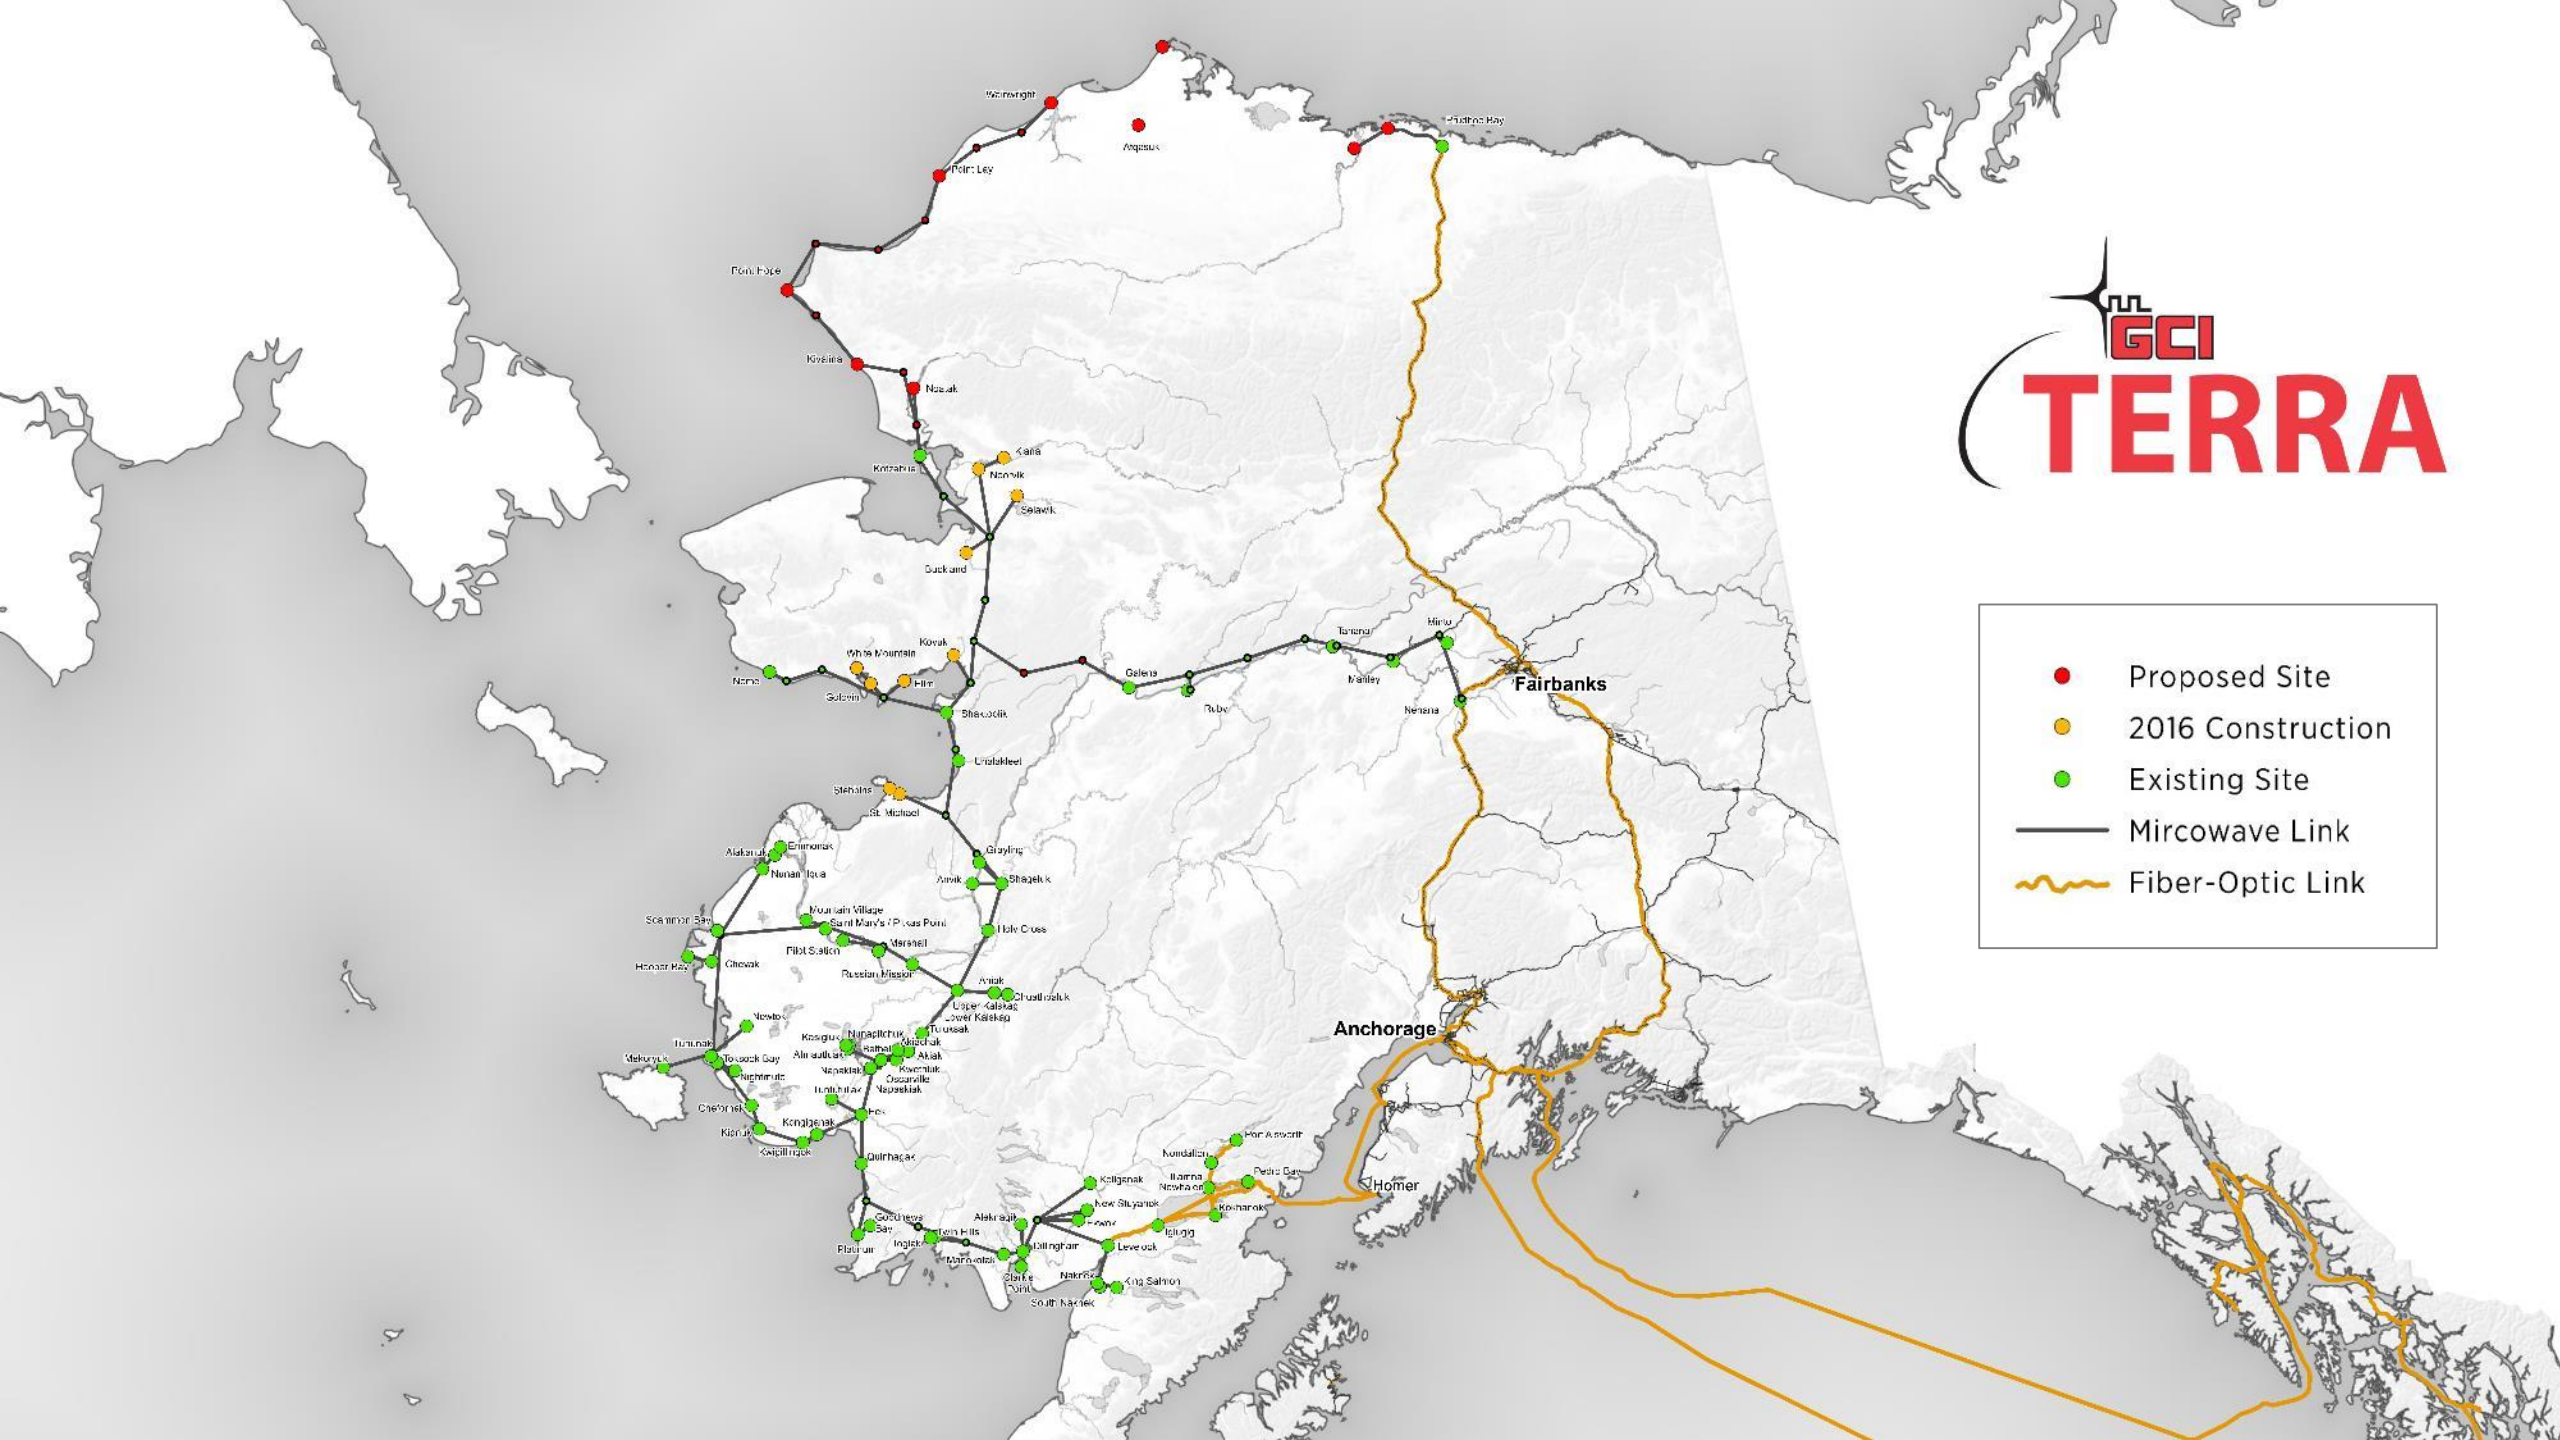

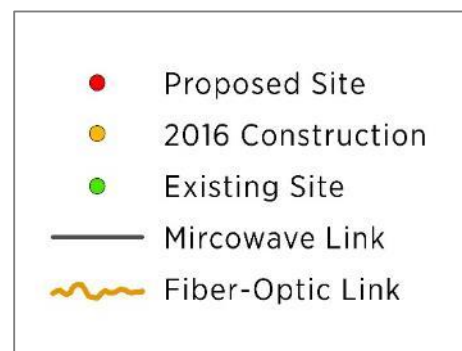

Attention on the Arctic
provides *opportunity*

Technological
Innovation

Enabling Regulatory Policies

Anchor Tenant Economics

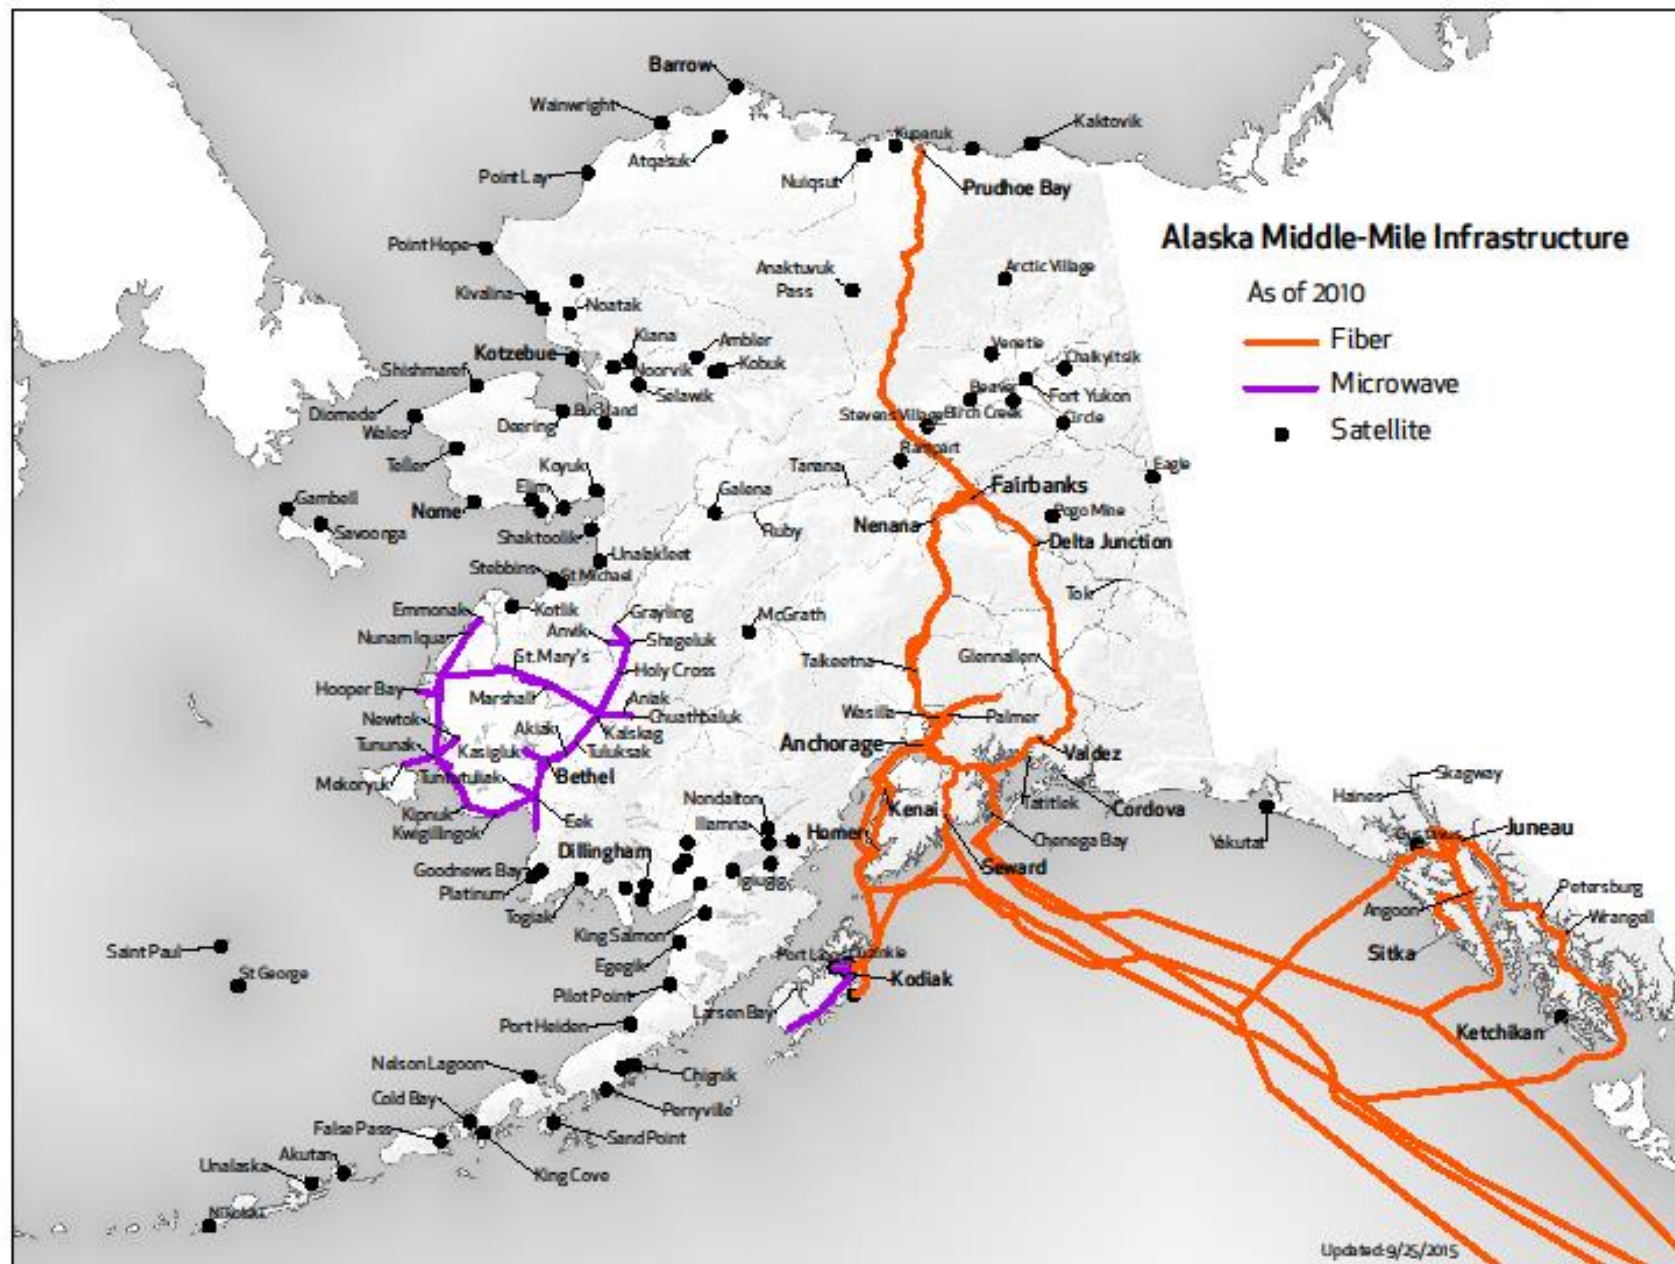

By working together, we will
advance the mission of universal
connectivity for the Arctic

Together we
are making
progress

2010 actual

Together we
are making
progress

2015 as
proposed
